## LIFESAVING & SURF PATROL

The primary role of any Surf Life Saving Club is the protection of the surfing public, and to save lives. The lifesaving duties of a Club are carried out by surf patrols, consisting mostly of Active Members.

Patrol dates and hours are set down by Surf Life Saving Central Coast and the traditional patrolling season is from the school holidays in September through to the ANZAC Day weekend in April. Patrols are rostered every Saturday, Sunday and Public Holidays throughout this period. Subject to change.

This program is designed to encourage these younger children to gain confidence in the water and on the beach and provide grounding to what can be expected as they grow older and take part in organised competition. Children wishing to join in the Under 6 age group **MUST** be 5 years of age before

Children in the Under 8 age group are given beach activities and wade races, and supervised swim sessions provided sufficient parent helpers and water safety are available.

Children in the Under 9's to Under 14's participate in beach and water events and are taught more challenging water safety and surf life saving skills. These Nippers may also choose to participate in Club Championship (competition) and Carnival events, but this level of competition is not mandatory.

A detailed program mapping the Season is available. At the end of the season each member will be presented with a Medallion or Certificate in Surf Education.

**PROFICIENCY REQUIREMENTS** - Parents should remember that all Umina SLSC our Age Managers and Coaches are there to enhance the child's abilities but cannot offer any formal Swimming lessons. To participate at Umina in the water events and at any carnival, all Nippers must complete the Surf Education program, and the swim component.

### **PARENTS INFORMATION – AND HOW YOU CAN HELP!**

All parents are encouraged to assist and participate with Nippers programs by being an age manager, water safety officer, helping with beach events or just helping with general activities each Sunday. Extra hands are always needed to assist with fundraising each week with the BBQ and in setting up beach events. Please take the time to introduce yourself to your child's age manager, we need all the help we can get in organising the children, support from willing parents makes life easy for all and ensures that the children have a good time. Some parents may have expertise in ability to repair boards, in carpentry or plumbing skills, please let us know. We need judges, recorders & just good all round extra hands. Even if you can not commit to each week please try and fill in when and where needed. Remember that the more you participate the more your child is likely to feel a sense of satisfaction and belonging to the Club.

### **WATER SAFETY HELP**

If you are interested in doing your Bronze Medallion to help us with water safety, we are willing to train you, please contact the Director of Education.

### **OFFICIALS FOR COMPETITIONS**

We need parents that are willing to do training to obtain accreditation that will allow them to become an official at competitions. We are required to supply officials according to the number of competitors we send, so more assistance is always gratefully received.

### **WATER EVENT CONDITIONS**

The safety of the children is our first concern. No child will be forced into the water. The Patrol Captain, Junior Activities Director or Water Safety officers are the only people authorized to allow water events to start or continue in the case of doubtful conditions. When children are in the water there is an official minimum ratio of water safety to children. If the level is not achieved water events will **NOT** continue.

## **IMPORTANT POINTS TO NOTE**

The nippers are not a child minding service and parents/guardians are advised they should remain nearby should an incident occur or should events finish early. It is important for parents to remain on the beach for the children's safety and confidence. Parents should also be willing to get involved with their child's sport as helpers. The whole of the family can then enjoy being involved with Surf Lifesaving.

## **SOCIAL / SIPS**

Every Sunday evening from 5pm we have a social gathering called "Sips". The bar is open from 5.30pm and food can be purchased at a very reasonable price for the family. Menus change weekly so keep an eye on the whiteboard. If you can offer some help in the kitchen or have your RSA certificate you may also help behind the bar. Just give your details to the social committee or the bar manager.

Normally after any carnival all the Master's and Seniors gather to either give out medals won or just pat each other on the back for a good effort. The main thing about Master's /Seniors competition is that everyone can compete at their own level and we here at Umina acknowledge everyone who "**Gave it their Best**" or "**Had a Go**". There will be some social get together thru the season so keep an eye on the web site for information or our newsletter which is given out or on the web site.
