Summary	To provide clubs and members with information regarding SLSCC Age Manager Courses for the 2017-18 season.
Action	Interested members to register their attendance via the Online Age Manager Course Registration Form by Friday 3 rd November 2017.

Surf Life Saving Central Coast (SLSCC) are proactive in ensuring the safety and wellbeing of our members along with ensuring adequate child protection and safety measures are enforced and consistent.

Surf Life Saving NSW has implemented a required ratio of Age Managers relevant to the number of junior members at each club. This ratio is currently 1:20. As a result, SLSNSW have made the Age Manager Course compulsory for all Age Managers. SLSA has advised that all members who gained this award prior to 2010 need to renew their qualification.

SLSCC strongly advises clubs to have **all** their Age Managers and interested members complete this important, valuable and educational course to ensure their club is compliant.

SLSCC is pleased to be able to provide Age Managers Courses again for the 2017-18 season. These courses are designed to educate and enlighten participants on the roles and responsibilities Age Managers have within their respective clubs.

SLSCC members will have two (2) options to complete the Age Manager Course by selecting either the online option (*via Lifesaving Online Account*) or the face to face option which will be held at SLSCCHQ on Wednesday 8th November 2017.

To ensure a comfortable learning environment there will be a limit of 30 people for the face to face course and members interesting in attending will need to register their attendance by the closing date.
